Sir,

In submitting herewith in original, Wrzees Rep. Nos. 1608 and 1609 d/ 10th & 27th September 1875 received from the Amildar of Lakvalli together with his proceedings &c therewith received, I have the honor to request your instructions as to whether the Municipal rules now in force in other Towns of the District may also be introduced into the Town of Yedehalli as proposed by the Amil & other members, it being a large Town situated on a high Road.

It has long been my intention to

to introduce the Municipal Rules into this Town, and I spoke more than once with the Towns-people and the Taling authorities on the subject, but as the former threw obstacles in the way the design was not carried out.

The most respectable part of the population has now assented to the introduction of the Municipal system, and though some few have petitioned to say that they are opposed to it, yet as the consent of an intelligent Majority is all that could be hoped for in matters of this Kind and that has been attained in the present case, I would beg to recommend the scheme for your sanction.

I have &c
